- 21.06 Shropshire Councillors Report
BT School and Poles. School want superfast broadband but need permission from local landowners to go over ground, Councillor Wild contacted Connecting Shropshire. Top of Kenley to bottom BT caused damage to road. Some people top of Kenley want to get faster broadband and not happy with SWS so want Airband. Given them all contact details with Connecting Shropshire. SWS really good price for 12-24 months then start putting price up. Airband seem to be more expensive. BT, Airband and SWS can put poles up where needed but not very good at sharing poles so randomly put other posts in. They should send Parish Council a map as to where they want to put poles in. Causing problems throughout the parishes. Ben Walker is co-ordinating. As a landowner tried to call Councillor Morris - Councillor Wild will send him the contact details for Connecting Shropshire. BT don't like SWS and Airband using their poles.
Reported quite a few potholes around the area. Graham Downes in Central Area Manager – Councillor Wild to send email address. Clerk to email and report problems.
